

Get on the path to financial wellness with Key@Work.[®]

Getting your financial life in order is the first step toward making financial progress. And once you have control of your finances, other areas of your life can also benefit.

What is financial wellness?

When you're financially well, you know that minor emergencies or expenses won't cause financial hardship. You'll have a better understanding of your spending and saving habits, which helps keep you from spending more than you earn. When you're financially well, you have less stress and can focus on making progress.

Your journey to financial wellness.

How you begin your journey is important. The first thing is to understand where you are today. From there, you can take small steps that will have a big effect on your future. It's the progress you make that helps build your financial wellness and makes you want to strive to be better.

We can help.

Key@Work and your employer are providing a comprehensive financial wellness program at no cost to you. To start your journey to financial wellness off on the right foot, we offer financial wellness resources that can help you:

- Manage expenses
- Get personalized guidance to help you reach your financial goals and grow your savings
- Access tools that allow you to set budgets, plan for retirement, and more

And as part of your Key@Work benefits, our bankers are available for one-on-one and group meetings to provide an in-depth Key Financial Wellness ReviewSM. We can then create a plan that will help you reach your goals. We know it's an ongoing journey, and we'll be with you every step of the way, with advice, exclusive access to special banking discounts, resources, and much more.

It all begins with a conversation. Schedule a Key Financial Wellness Review or speak with your Key@Work Relationship Manager today.
