

Our mission is to improve the quality of life for people by supporting independence. By assisting individuals with integrating into the community, we enhance the diversity of our community and the quality of life for each consumer.

Eligibility

Individuals receiving MaineCare Services who are at least 18 years of age and have a current diagnosis of Intellectual Disabilities or Autism are eligible for GMS support programs.

Please get in touch to learn more about GMS and how our programs can make a positive difference in your life.

Non-Discrimination Statement

GMS does not discriminate regarding race, color, ancestry, national origin, gender, sexual orientation, marital status, religion, age, disability, gender identity (including gender expression), results of genetic testing, or service in the military. GMS will make reasonable accommodations for the known disability of an otherwise qualified individual unless undue hardship on the operation of GMS would result.

Case management

Encouraging home and community independence

Case Management at GMS is designed to meet the needs of clients through an individualized and collaborative approach.

Our case management staff are committed to supporting each person served by assisting in the development or maintenance of a comprehensive spectrum of services. Individuals and families are provided with options and encouraged to make independent choices which best meet their needs and desires.

All services are designed to encourage the highest level of home and community independence in the least restrictive way.

GMS helps individuals enjoy a full and productive life by assisting access to available resources and services.

Who we are

For over three decades GMS has designed and maintained programs that enhance, support and teach through knowledge, respect and dignity. We are dedicated to serving the community while working collaboratively with individuals, guardians, family members, agencies, caseworkers and other advocates. The individuals we serve live, work, volunteer, and socialize in their community with support from dedicated professionals.

What we do

GMS provides Shared Living, In-Home Supports, Community Supports, Case Management and Residential Services. Each of these departments is designed to assist and enable each of our individuals served to accomplish and maintain their highest attainable living skills, and to improve their quality of life by supporting independence.
